

NAMIC Announces Chapter Officers for 2020

NAMIC is proud to announce the chapter officers for 2020. They will serve a two-year term effective January 1st. Many of the officers are embarking on their second term; asterisks below delineate first-time chapter officers.

In their role, chapter officers help build and nurture a diverse talent pipeline within their region, educate local members on diversity, equity, and inclusion best practices, and participate in relevant professional development and networking events.

“I’d like to welcome our talented chapter officers to the NAMIC family,” said NAMIC President and CEO A. Shuanise Washington. “These individuals play an indispensable role in advancing our goals of increasing cultural diversity, equity, and inclusion in the communications industry, and will lead us into the next decade.”
