

## Leadership Seminar

The NAMIC Leadership Seminar engages academics and practitioners from across the country in a virtual, immersive, leadership development experience. The program aims to increase personal and professional effectiveness, provide important insights and tools for strategic career planning, and transform high-potential middle managers into effective leaders.

### Who should attend:

- Managers, Supervisors, or Directors (new to role, less than two years).
- High-performing professionals seeking career advancement.
- Individuals motivated to pursue roles with increased visibility and responsibility.
- Participants endorsed by their respective companies.
